

Gull Wings Children's Museum was founded as a nonprofit organization in 1986 by a small group of dedicated parents and educators, and opened to the public in our facility in Downtown Oxnard in 1989.

From its founding, Gull Wings has served as Ventura County's only children's museum.

We serve over 30,000 visitors per year in our 6,000 square foot building.

Through our "Museum On The Go" program at local schools, festivals, and community events, Gull Wings reaches out to an additional 200,000 per year who might not otherwise visit the museum in person.

Our growing educational programs include nature exploration, music, storytime, touch tank talks, Creature Feature, Gull Wings Family Fundays, and arts and crafts.

Our interactive exhibits focus on many different fields of science, service careers, pretend play, space exploration, California ecosystems, coastal conservation, and more.

We are poised to celebrate our 25th Anniversary and look forward to a bright, flourishing future and continued service to the community.

Our Mission:

We partner with parents and educators to teach children about the world around them, with an emphasis on California, by developing an up to date environment that is sustainable, engaging, fun, and inspiring.
